

A diagram illustrating a tire rotation pattern. It shows four tires arranged in a 2x2 grid. The top-left and top-right tires have vertical stripes, while the bottom-left and bottom-right tires have horizontal stripes. Arrows indicate the rotation: a vertical arrow points from the top-left to the bottom-left, a vertical arrow from the top-right to the bottom-right, and two diagonal arrows cross each other, pointing from the top-left to the bottom-right and from the top-right to the bottom-left.
